DARE TO CARE FOR GOD'S WORLD**
Bookless, Dave
Nottingham, UK: Inter-Varsity Press,
2008.
(ISBN 978-1-84474-251-6)

Written by the founder of A Rocha UK, Planetwise is not another book on green issues to make you feel guilty. In these pages you will find solid biblical theology and, most importantly, hope that God can take your small and insignificant efforts and multiply them in his great plan to "reconcile all things unto Himself."

**FOR THE BEAUTY OF THE EARTH:
A CHRISTIAN VISION FOR CREA-
TION CARE**
Bouma-Prediger, Steven
Grand Rapids, MI: Baker Academic,
2001.
(ISBN 0-8010-2298-3; 2nd edition, April
2010, 978-0-8010-3695-8)

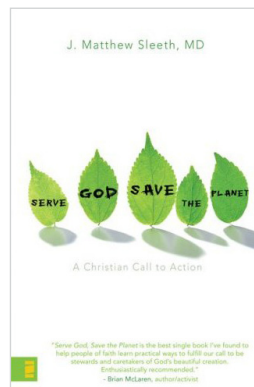

In For the Beauty of the Earth, theologian Steven Bouma-Brediger explores the relationship between Christianity and the natural world in the most thorough evangelical treatment available on the theology of creation care. It is perfect for pastors, university students, theologians, and anyone who desires a thoughtful and well-written treatment of God's good news for creation.

A CHRISTIAN CALL TO ACTION**
Sleeth, J. Matthew
Grand Rapids, MI: Zondervan, 2007.
(ISBN 978-0-310-27534-3)

The above three books are practical guides for how to act and live out our lives individually and communally, with God's creation in mind.

ADDITIONAL RESOURCES

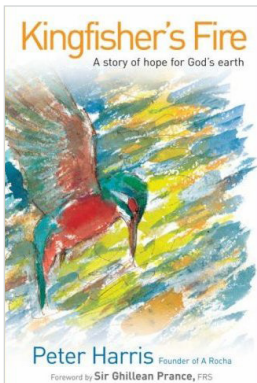

UNDER THE BRIGHT WINGS

Harris, Peter

London UK: Hodder & Stoughton, 1993; Vancouver, BC: Regent College Publishing, 2000.

(ISBN 0-88865-697-1 Canada; 1-57383-188-3 US)

KINGFISHER'S FIRE: A STORY OF HOPE FOR GOD'S EARTH

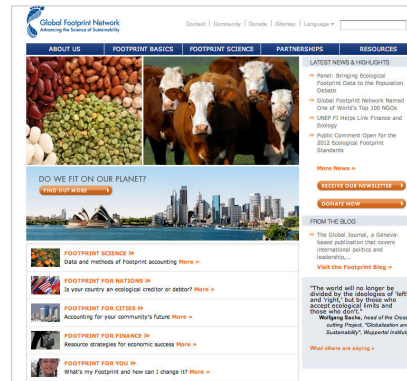

Harris, Peter

Oxford, UK: Monarch Books, 2008.

(ISBN 978-1-85424-848-0)

A Rocha's co-founder Peter Harris painstakingly retells in these two books the story of A Rocha, from one field study centre in Portugal to a family of wonderfully varied community conservation projects in eighteen countries. Under the Bright Wings covers the first ten years of pioneering and establishing the movement, and Kingfisher's Fire recounts the rapid expansion of the second decade, with many wonderful stories of remarkable people, tears, laughter, and vision.

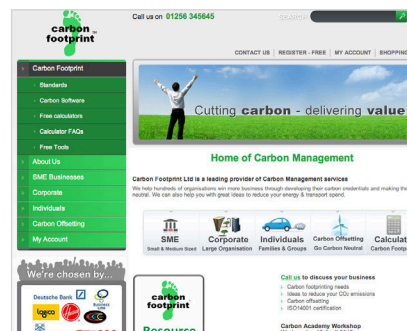

WEBSITES

GLOBAL FOOTPRINT NETWORK

<http://www.footprintnetwork.org>

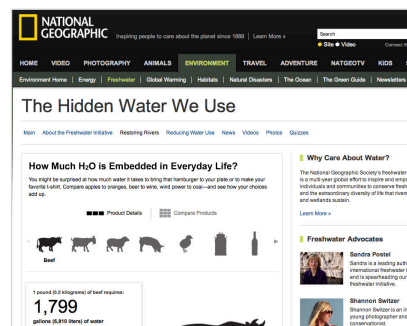

In this informative website you can learn about our environmental/ecological footprint, a major indicator of the environmental impact that results from our daily living. You can also calculate your own environmental footprint through its fun and easy-to-use calculator (<http://www.footprintnetwork.org/en/index.php/GFN/page/calculators/>)

CARBON FOOTPRINT

<http://www.carbonfootprint.com>

Similar to the above website, this site is particularly dedicated to helping individuals, families, and small business owners to calculate their carbon footprint and find out ways to reduce it.

NATIONAL GEO- GRAPHIC: THE HIDDEN WATER WE USE

<http://environment.nationalgeographic.com/environment/freshwater/embedded-water/>

This website shows how much water is consumed in order to produce our daily food items; it is a very useful guide and a reminder for us to consider our choices and usage.
