POSITION FUNCTION

A Rocha is an international environmental conservation organisation which, inspired by God's love, engages in scientific research, environmental education, community-based conservation projects and sustainable agriculture. We envision a world where nature flourishes as people live equitably and sustainably.

A Rocha Canada's (ARC) Brooksdale Environmental Centre is a dynamic environmental centre with programs serving all ages and various ecosystems. Brooksdale's 27-acre property is a living lab comprised of forests, a threatened river system, heritage houses, and a farm implementing sustainable agriculture practices. This unique combination of sensitive wildlife habitat and agricultural land makes Brooksdale a place where critical environmental issues are researched, addressed, and solved.

The **Environmental Education Assistant** will work in collaboration with the Education Coordinator, the Environmental Education Team, the Farm to Families coordinator, and other Brooksdale staff in assisting with environmental educational programming for children, families, and seniors. The Education Team provides programming in environmental awareness and personal practices to care for the environment through school field trips and day camps, as well as professional day workshops for teachers and children. Our Education team also includes the Farm to Families team, providing programs for children, families and seniors, including vegetable donations to underserved populations in Surrey and White Rock through partnerships with local organizations (primarily those working with newcomers and adults/children identified as at-risk). Farm to Families seeks to build relationships and cross-cultural connections, as well as communities of support.
