

A ROCHA
CANADA

Buck Creek Hatchery and Nature Centre

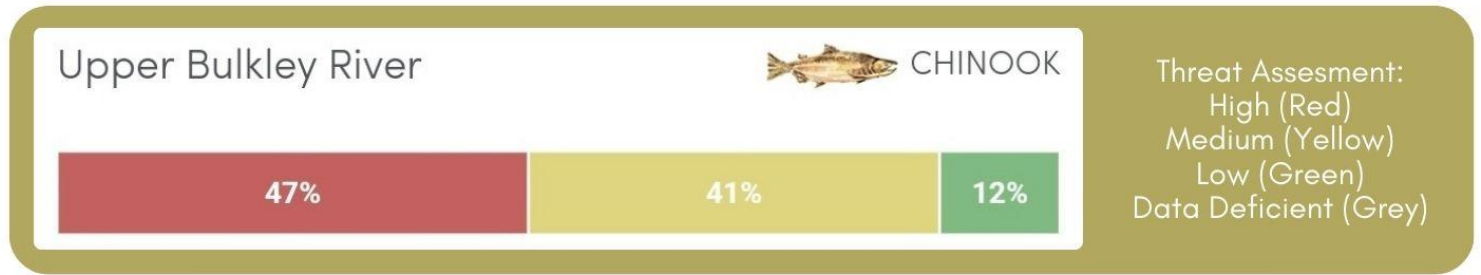

CORPORATE SPONSORSHIP PACKAGE

**WILL YOU PARTNER
WITH US?**

The Challenge

According to Pacific Salmon Foundation's *Salmon Explorer*, the Upper Bulkley River, which runs through Houston, BC, is **one of the most negatively impacted watersheds** in the larger Skeena system **due to human activity**.

A Rocha is working to flip that narrative. Over the next 20-50 years we would like to be able to say that it is the most **positively** impacted watershed through human activity. **But we need your help.**

The Vision

A ROCHA
CANADA

Along with the larger A Rocha Canada family we work to live out God's calling to care for creation & equip others to do likewise. We envision a hope-filled world where communities flourish as people & nature thrive together. We work toward this through:

Education

Natural History Displays

Experiential Education

Knowledge Sharing

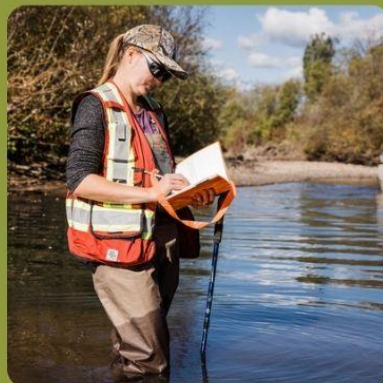

Conservation

Raising & Releasing Salmon

Habitat Restoration

Watershed Monitoring

Community

Partnerships

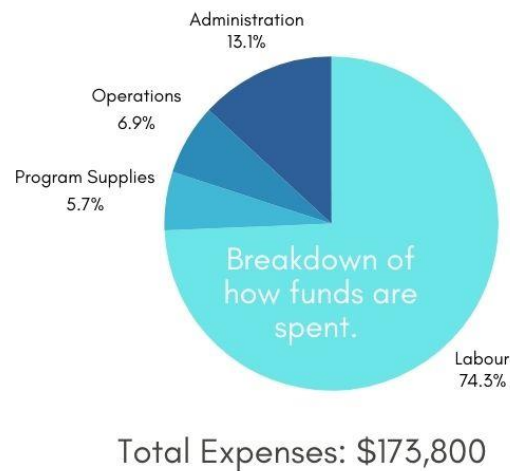

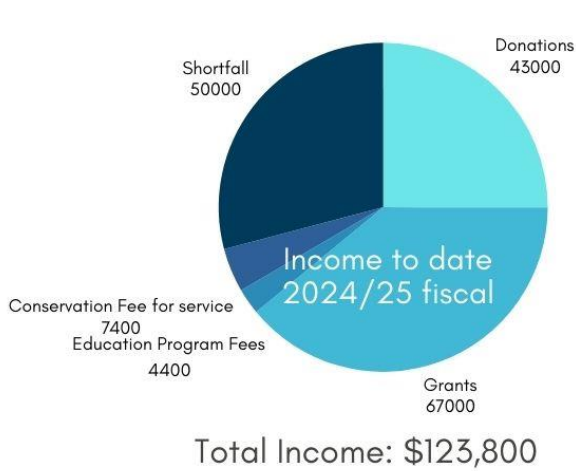

Community Events

Skill Sharing

The Need

A Rocha in Houston began in 2002 with one part time staff and a big idea. Since then it has grown into a Coho Salmon Hatchery & Nature Centre, including a classroom and demonstration backyard wildlife habitat. **That's why we need your help!** One part time staff can no longer manage this alone and we want to make the centre a place of learning, caring for creation, inspiration, and hope for our **2,000 visitors each year.**

Our current gap is \$50,000 (\$35,000 for staff and \$15,000 for operations)

Can we count on you to help us reach our goal?
