

Nature Academy Educator

A Rocha Canada
A Rocha Ontario Centre | 1440 Westover Rd, Millgrove, ON

SUMMARY OF PRIMARY JOB FUNCTIONS

A Rocha Ontario's Nature Academy promotes ecological literacy, identity and responsibility through immersive nature education to foster healthy relationships with the earth that last a lifetime.

Following a prepared curriculum, the contracted Educator will teach and facilitate nature and science education for children in one of the following grade levels: Clouds (JK-SK), Dreys (Gr. 1-2), Sleuths (Gr. 3-4), and Kettles (Gr. 5-6). Although lessons have been prepared, the Educator should bring their skills, passions and ideas to the class. We encourage the expression and individuality of each Educator!

From the students' arrival to their departure, the Educator is responsible for their class and must be present with them at all times (except for one scheduled break each day). Nature Academy is hosted at the A Rocha Ontario Centre in Millgrove, ON.

4 positions available.

IDEAL CANDIDATE

The ideal candidate has a background in formal education and/or nature interpretation and is comfortable teaching basic life and earth sciences. This individual is able to express their knowledge in a way that is accessible and contributes to the hands-on learning experience of students. The candidate should be comfortable working with young kids of varying ages and abilities in an outdoor setting.

The ideal candidate is creative and adaptable in their approach to teaching. They have a passion for teaching others about nature and specifically engaging the curiosity of each child towards a collective learning. This individual is excited about nurturing an inquiry-based learning environment and fostering wonder.
